

## ALIEN LAW HALTS UNSKILLED LABOR

Bulk of Immigrants From  
Northern Europe, but Few  
From Germany.

YEAR'S TOTAL 300,000

Commissioner Husband Ana-  
lyzes Results of First Three  
Months.

Special Despatch to THE NEW YORK HERALD.

New York Herald Bureau,  
Washington, D. C., Oct. 22.

The United States has gone back to  
styles of the 80s in immigration as a  
result of the first three months of op-  
erations of the new alien restriction law.  
Immigrants from northern Europe  
now predominate among new arrivals  
instead of from southern and central  
Europe. Immigration Commissioner  
Husband said today after an analysis  
of the returns. That means a big change  
in the character of new arrivals in  
America, according to Mr. Husband, in-  
volving many economic and social  
phases.

Cheap labor and unskilled workers  
who used to rush to the United States  
at the rate of approximately 450,000  
men and women a year are now being  
held back by the restriction law. Ital-  
ians, Greeks, Turks, Bulgarians and  
Austrians who formerly flooded to the  
United States to fill shops and factories  
in need of low paid workers willing to  
do heavy and disagreeable labor, cannot  
now enter in proportions like those of  
the pre-war era. Italy formerly sup-  
plied the United States with a large  
proportion of unskilled workers.

Immigrants from northern Europe,  
who seem to be classed as unskilled  
laborers, now form the bulk of new ar-  
rivals in the United States. Under the  
quotas of the restriction law about 71-  
000 persons will be allowed to land this  
year from England, Scotland and Wales.  
The quota for Italy is slightly more  
than half that of the United Kingdom.

New arrivals from England, the Scan-  
dinavian countries, Holland and a few  
from France are spreading into the open

## 2,000 GIRL SCOUTS PARADE 5TH AVENUE

Troop of 'Brownies' Is Feature  
of Annual Outdoor Gath-  
ering.

Special Despatch to THE NEW YORK HERALD.

New York Herald Bureau,  
Washington, D. C., Oct. 22.

Fifth avenue looked for a "white" yes-  
terday as if both spring and autumn had  
embraced her. The April effect came  
from a mass of blue, yellow, green, red  
and purple balloons carried by more  
than 2,000 Girl Scouts, who held their  
annual parade from 2 to 2 P. M., and  
the October colorings were due to auto-  
mobile loads of pumpkins, bags of apples,  
sacks of vegetables and quantities of  
seasonable flowers, all of which were  
later distributed by these active girls.  
Many of the girls wore khaki costumes  
among the children in the wards of six  
of the city hospitals. It might be added  
that old Sol himself gave a touch of  
Indian summer to the scene.

A troop of Brownie Scouts, which is  
the newest feature of the organization  
and which includes girls under 16 years  
of age, attracted much attention as they  
marched from Thirty-fourth street north  
to the Plaza. The Brownies' uniform is  
khaki colored overalls and bright red  
caps. Small as they are, no one could  
possibly overlook them in such a gath-  
ering.

Erasmus Hall Celebrates 25th  
Anniversary.

More than 400 persons took part in the  
production of "The Tradition, or Guard-  
ing the Flame," a pageant to celebrate  
the twenty-fifth anniversary of Eras-  
mus Hall High School, Brooklyn, and  
presented last night in the quadrangle,  
which was brilliantly illuminated.  
Grandstands had been built on the four  
sides under the direction of Park Com-  
missioner John N. Harman.

The pageant was prepared by Mar-  
jorie Weirich, Frank D. Edgell and Eu-  
gene W. Harter. Dr. J. Herbert Low,  
principal of Erasmus Hall, and mem-  
bers of the faculty attended the celebra-  
tion, which consisted of motion pic-  
tures, tableaux, music, dancing and  
choruses. E. W. Harter was pageant  
master; Paul A. Kennedy, stage man-  
ager; John M. Battell, assistant stage  
manager, and the executive committee  
included Mr. Kennedy, chairman; Cora  
L. Barber, vice-chairman; Alice Howe,  
Miss Weirich and Mr. Edgell. The page-  
ant will be presented November 8 in  
the Seventy-first Regiment Armory.

## PLAN TO DISTRIBUTE PACIFIC TRADE SHIPS

Commercial Organizations In-  
terested to Have Hearing.

Special Despatch to THE NEW YORK HERALD.

New York Herald Bureau,  
Washington, D. C., Oct. 22.

Representatives of commercial orga-  
nizations and steamship lines of the  
Pacific coast will have a hearing before  
the Shipping Board November 14 to  
discuss the permanent assignment of the  
502 and 535 foot combination freight and  
passenger vessels in the trans-Pacific  
trade. There are seven of the 502 foot  
vessels, all of which have been completed,  
and sixteen of the 535 foot type, ten of  
which have been delivered. The remain-  
ing six will be delivered between now  
and the latter part of March, ac-  
cording to present estimates.

In announcing the hearing the board  
informed those interested that it had  
been tentatively suggested that the fol-  
lowing disposition be made of twenty-  
three of the vessels:

Five of the 535 foot type from a north  
Pacific port on the Japan-China-Manila  
run, three of the 535s and two of the  
502s from a California port on the  
Alaska States, the upper Mississippi valley  
and the southeastern States. Pair weather  
except that there were local rains in south-  
ern Florida, along the southern shore of  
Lake Superior and the vicinity of San  
Francisco. The temperature was higher  
over the Eastern States, and it was lower

## BOY STARTS AUTO TRUCK AND RUNS DOWN CHILD

Victim Sent to Hospital in  
Serious Condition.

Special Despatch to THE NEW YORK HERALD.

New York Herald Bureau,  
Washington, D. C., Oct. 22.

An unknown boy got on the seat of  
a Ward Baking Company's delivery au-  
tomobile when it stopped in front of  
178 Pavonia avenue, Jersey City, yes-  
terday afternoon, started the machine,  
which ran over Joseph Boegs, 6 years  
old, of 170 Pavonia avenue, injuring his  
right leg and back. The boy is in a  
serious condition in the City Hospital.

Joseph Doeger of 198 North Fifteenth  
street, Orange, the chauffeur, who was  
delivering bread, was arrested on a  
charge of assault made by the boy's  
father, Peter Boegs. Doeger was pa-  
roled to appear in the Second Criminal  
Court to-morrow.

The police are looking for the boy  
who started the automobile.

CONSUMERS POWER EARNINGS.

WASHINGTON, Oct. 22.—A disturbance  
of marked intensity was central over the  
lower St. Lawrence valley to-night and  
rapidly outward and another distur-  
bance of wide extent was central over No-  
vada. Pressure was high over the northern  
plains States, the upper Mississippi valley  
and the southeastern States. Fair weather  
prevailed during the last twenty-four hours,  
except that there were local rains in south-  
ern Florida, along the southern shore of  
Lake Superior and the vicinity of San  
Francisco. The temperature was higher  
over the Eastern States, and it was lower

## It is Free To you this week

This 10-Day Tube of Pepsodent.  
Present the coupon to any dealer  
named below.

Make this delightful test. Watch  
the quick effects—see the change  
in a week. Then you will realize  
what this new way means to you  
and yours.

Each use of Pepsodent multiplies the sali-  
vary flow. That is Nature's great tooth-  
protecting agent. It multiplies the starch diges-  
tant in the saliva. That is there to digest  
starch deposits which may otherwise form  
acids.

It multiplies the alkalinity of the saliva.  
That is Nature's neutralizer for the acids  
which cause decay.

Five important effects come from every  
application. And modern authorities deem  
all of them essential.

### Not for women only

The most conspicuous effect is glistening  
teeth. Countless women employ it largely  
on that account. Few things add so much  
to beauty.

But men also want white teeth. Men who  
smoke find that teeth discolor quickly, due  
to stains in the film.

Pepsodent means more than this, however.  
It means cleaner, safer teeth. Children need  
it even more than others. Their teeth are  
easily attacked, and very few escape. Den-  
tists advise that Pepsodent be used every  
day from the time the first tooth appears.

To all it means a new conception of clean,  
well-protected teeth.

Present the coupon for a 10-Day Tube.  
Note how clean the teeth feel after using.  
Mark the absence of the viscous film. See  
how teeth whiten as the film-coats disappear.  
Watch the other good effects.

This test will prove a delightful revelation.  
To you and yours it may bring life-long bene-  
fits. Every day you wait may mean new  
damage. Cut out the coupon now. Present  
it this week.

## A Surprise Tonight

If you will try this way to prettier teeth

This test will surprise and delight you.  
The results are so quick, so pleasing, so con-  
spicuous.

Millions have already made it. The glis-  
tening teeth seen everywhere now show some  
benefits it brings.

Go get this free tube from any dealer  
named. Use it and watch the effects. It will  
open up to you and yours a new era in teeth  
cleaning.

### Why prettier teeth?

This method brings whiter, prettier teeth  
because it fights the film. Your teeth are  
now covered with a viscous coat. Feel it  
with your tongue. It clings to teeth, enters  
crevices and stays.

Old brushing methods do not remove it  
all. Enough remains to make the teeth both  
dingy and unsafe.

That is why teeth look cloudy. The film-  
coats absorb stains. Film also causes most  
tooth troubles. And, under old methods, all  
those troubles have been constantly increas-  
ing.

### How film ruins teeth

Film dims the teeth's luster. It also forms  
the basis of tartar. It holds food substance  
which ferments and forms acid. It holds the  
acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with  
tartar, are the chief cause of pyorrhea. Many  
other serious troubles, local and internal, are  
now traced to them.

Countless people find that teeth brushed  
daily still discolor and decay. The main rea-  
son lies in that film.

### Now we daily fight it

Dental science, after long research, has  
found ways to fight that film. Able authori-  
ties have proved their efficacy. Now lead-  
ing dentists everywhere advise their daily  
use.

These methods are combined in a modern  
dentifrice called Pepsodent. Millions now  
employ it, largely by dental advice. The  
use is fast spreading the world over among  
those who know.

That is the tooth paste we ask you to try.  
Watch its effects on the film. See how your  
teeth improve. Then let your own good  
sense decide between old methods and the  
new.

### Three other essentials

Modern science also requires three other  
effects from a tooth paste. The old methods  
did not bring them. Pepsodent brings them  
all.
